Safe Produce Indiana Intern

Safe Produce Indiana is seeking an intern to assist us in educating Indiana fruit and vegetable growers about the Food Safety Modernization Act Produce Safety Rule. This intern will play a key role in promoting the Produce Safety Rule. The intern will, by the end of the internship, have gained more experience in marketing/communications, adult education, economic development, as well as the legislative/regulatory process.

Opportunities include:

- Execution of social media campaigns
- Assistance with integrated marketing, communications, and public relations campaigns
- Development and editing of video, photography, and copy
- Explanation of the legislative and regulatory process
- Building connections with Indiana fruit and vegetable growers

Expectations:

- 10 hours per week at a rate of $10/hour
- Start Date: Monday January 8, 2018
- End Date: April 27, 2018
- Possess/acquire/arrange for reliable transportation throughout the state of Indiana
- Submit weekly progress reports to Morgan Gadd (Food Safety Outreach Coordinator, ISDA) as well as reporting as needed to Rhonda Taylor (Laboratory Manager/Research Assistant, Purdue), Dr. Amanda Deering (Professor, Purdue) and Scott Monroe (Educator, Southwest Purdue Agricultural Center)
- Majoring/minoring in Agribusiness, Agricultural Economics, Agricultural Communication
- Prior volunteer/internship experience required

Please email your resume in PDF format to mgadd@isda.in.gov no later than Thursday December 7, 2017 at 4:00 p.m. Please include your email and phone number on your resume so you may be contacted to arrange an interview Friday December 8 on campus.
