

North American 3Rs Collaborative_ **Communications Internship**

Animal Science Students (graduate & undergraduate) and if you have contacts in the **Communications/Graphic Design Departments**. Info is below:

“Do you want to improve the lives of animals in science? Do you have experience in communications & social media? Apply for an internship with the North American 3Rs Collaborative. Undergrad & grad students & early-career professionals should apply. For more details, visit our website na3rsc.org/intern. This position is an excellent opportunity to build your resume & communications skills.”

We currently have one intern focused on our communications efforts and are looking to add 1-2 more.

Thank you in advance!

Dr. Megan R. LaFollette, M.S., Ph.D.
