Farm Internship Opportunity – Northwest Indiana

A Grain/Livestock/Trucking operation located in Northwest Indiana has a summer internship opportunity on their farm. The farm covers 2,400 acres of corn, wheat, soybeans and seed corn production as well as a 100 head cow/calf operation. Upon successfully completing summer employment, a full time opportunity may exist.

Previous experience preferred with running heavy equipment. Pesticide license, such a registered technician also preferred. Class A CDL license is not required but would mean a bonus on salary. Responsibilities for the position include but are not limited to working ground, planting, spraying crops, running water tender truck, as well as working and feeding cattle, and possibly driving semi-truck if needed. Competitive pay based on experience level. Please e-mail your resume/cover letter to aemalecki@gmail.com to apply or phone 219-207-0967 with any questions.
