While our priority at PIPESTONE is healthy pigs, our best asset to accomplish that is our people.

Our internship program is one of the best ways to help us find individuals who are ready to pursue a career in the swine industry.

Our PIPESTONE Production Internship Program offers:

- Practical, hands-on experience in all phases of swine production
- Opportunities to work with and receive guidance from respected professionals in the industry
- Opportunities to learn more about the swine industry
- Interaction with decision makers
- A professional environment for growth

Areas of Focus

Apply your interests in the swine industry through an internship focusing on all swine production areas including:

Reproduction:

- Farrowing
- Gestation
- Piglet Care
- Grow Finish Operations
- Information Bureau Procedures

Finishing:

- Wean to Finish Production
- Hear Health & Individual Pig Treatment
- Marketing
- Ventilation
- Nutrition
- Records & Accounting
- Sow Farm Production

Public Outreach:

Interns are involved with public outreach, assisting in PIPESTONE Discovery Barn events at numerous county fairs. The barns are filled with sow's farrowing, weaned piglets, hatching chicks, cow's calving and many other interactive agriculture displays. The Discovery Barn experience allows you to interact with consumers about their food supply and is a great experience to hone your public speaking skills.
