Summer Internship Program
What is the internship all about?
The Smithfield Internship Program offers students an opportunity to work in an environment where they can gain valuable experience, explore career options, and apply their education. Our interns have the chance to learn while making a real contribution to the company. Students become a part of key management meetings, participate in meaningful projects, are involved in community outreach and become integral members of the Smithfield team.

What areas do you hire interns?
Smithfield offers internship positions within various departments including, but not limited to: Feed Mills, Finance & Accounting, Food Safety, Grain Procurement, Human Resources, Marketing, Operations, Research & Development, Sales, Supply Chain, Sustainability & Environmental, Swine Production and Quality Assurance.

What else can you tell me about the program?
This is a paid, full-time summer internship that lasts approximately 10 weeks. Smithfield can aide in your search for temporary living arrangements and, if applicable, may offer a substantial temporary living allowance. You will also have the opportunity to interact with upper management and showcase the results of a project that you have worked on throughout your internship.

What are the qualifications?
1. Must be a student in good standing at an accredited university.
2. Must be majoring in a field appropriate to the intern job opening.
3. Must have completed your sophomore year.
4. Must be lawfully authorized to work in the United States.
