**Internship Summary:**  
The Corporate IT Internship Program is designed to provide students with a long term interest in technology careers an experience which is a meaningful extension of their academic work. We consider student interns to be potential full time employees, after graduation. The internship program gives an opportunity for students to become familiar with and evaluate The Andersons and IT careers, while the students themselves are being evaluated for potential employment.

Goals are set at the beginning of the internship, including daily responsibilities, project work, cross-functional experience and exposure to The Andersons. Project objectives, scope, and deliverables are also defined.

The IT Intern is responsible for assisting their assigned IT team through one or more areas of accountability in:
- Application Development  
- Data Migration  
- Infrastructure Installation and Support  
- IT Security  
- Process Mapping  
- Project Management  
- SAP Implementations  
- Software Upgrades
