Summer Internships 2022

The U.S. Meat Animal Research Center (USMARC) Undergraduate Research Internship Program provides an opportunity for college students interested in a possible research career in animal agriculture to receive cutting edge research experience while under the mentorship of established Agricultural Research Service (ARS) scientists. In addition to their research project, students will participate in formal weekly discussions, which will provide the opportunity to share their experiences with their peers and other research scientists at the Center. Our program will run from June 6 through July 29, 2022.

The deadline to apply electronically is March 11, 2022. Selections will be made by April 1, 2022.

1. Ltr-to Univ faculty prospective students
2. USMARC 2022 Summer Undergrad Rsch Internship program description
3. Intern application
4. 2022 abstracts
