Why am I getting this letter?

Enclosed is your 2025 June Agricultural Yield Survey. Your monthly information is important because it will help assess supply and demand and provide information regarding yields throughout the growing season. It is your opportunity to relay important yield changes as they relate to current growing conditions. This official, unbiased yield reporting provides credible estimates of supply to minimize swings in farm gate prices.

You may receive an email reminder to complete your survey. If we do not receive your completed questionnaire by [Month/Date], we may contact you for an interview.

How will the data be used?

The data help producers develop marketing plans for their operations and help inform policy decisions that directly affect producers.

The information you provide will be used for statistical purposes only. **In accordance with federal law, your responses will be kept confidential and will not be disclosed in identifiable form.** We will publish the data [Month/Date], 2025 in the *Crop Production* report at nass.usda.gov/Publications.
