Special Instructions:

There are many matches with fall surveys, especially the Vegetable Chemical Use Survey (VCUS) and the End of Season Vegetable Grower Inquiry. Please enumerate the Cost of Pollination at the same time as the matched survey. The Cost of Pollination due date is BEFORE the VCUS so please follow the Cost of Pollination due dates for those matched with VCUS. The Cost of Pollination Survey data should be submitted through CAPI.

Please enumerate the Cost of Pollination Survey only during the time period specified and submit by CAPI by November 27 at 11:59 pm.

Notes:

- Please be sure to clearly specify any “other” crops pollinated by honeybees for this operation if they are not listed or pre-printed.
- Get the best data possible, try to minimize the number of UNKNOWNs.

If you have any questions, please feel free to call Janiece Presberry or Jim Collom. As always, thank you for the great work you do with the surveys!
