

## COMPLETING FORM A ON CAPI

When completing Form A on CAPI, you will have to determine the status code of the Form A that you are completing. The status code is used to identify the sample's status for the current enumeration period based upon your recorded observations. A status code MUST be selected at the end of each Objective Yield form to allow it to be submitted.

*Interviewer's Manual (IM) (701-708)*

### 1—COMPLETE

## COMPLETING FORM B ON CAPI

When completing Form B on CAPI, you will have to determine the status code of the Form B that you are completing. The status code is used to identify the sample's status for the current enumeration period based upon your recorded observations. A status code MUST be selected at the end of each Objective Yield form to allow it to be submitted.

*Interviewer's Manual (IM) (701-708)*

### 1—COMPLETE

**First Visit:** You visited the field, laid out the sample units, and completed the Form B for both units

**Future Visits:** You will return to this field to record measurements for both units and complete another Form B until the sample units are mature enough to perform pre-harvest procedures and send the sample to the National Lab for processing.

### 2— Farmer Harvested for Grain BEFORE Unit was Laid Out.

**First Visit:** The farmer harvested the sampled field for grain before sample units were laid out. There will be no future visits to this sample.

### 3—Farmer Harvested for Grain AFTER Units were Laid Out

**After First Visit:** The enumerator was able to complete at least one Form B in a previous survey month, but the field was harvested prior to the following month's visit for enumeration and/or pre-harvest sample collection.

No future visits will be required to this sample.

### 4—Enumerator Harvested or Both Units are Blank

**Pre-Harvest:** When the sample field is in MATURITY CODE 6 or 7. Perform pre-harvest procedures for each sample unit, package and send the samples to the National Lab according to specifications outlined in the manual.

No future visits will be required to this sample.

### 5—Field partially destroyed and both units destroyed

**Any Visit:** The sampled field and/or both units have been destroyed to the point where the field can no longer be harvested for grain. This commonly occurs in instances where the sampled field was damaged from weather, fire, etc..

No future visits will be required to this sample.

### 6—Lost Sample—Field NOT Harvested for Grain

The sampled field will not be harvested for grain. The field will be used for purposes other than grain (grazing, silage/ other forage, hay, abandoned, etc.).

No future visits will be required to this sample.

### 7—Refusal

**Any Visit:** The farmer refused to participate in the survey during the Form A interview or decided they no longer wished to participate after samples were laid out in the field.
