

10-16-24 NASDA Supervisor Meeting

Wednesday, October 16, 2024 10:00 AM

- **Attending - NASS side** (Mike, Brooke, Adam, Marlo, Ty, Ben T., Nathaniel, Brandy, Katherine)

Project Code - 363 for this meeting

- **Welcome - Management**

- Big thanks as always
 - Especially for hosting mini-schools
- Nathaniel
 - Thanks from folks at the Annual NASDA meeting - lots of appreciation about NASS/NASDA data collection at the annual meeting
- Ben
 - Be sure to reach out in OH if you need any assistance

- **Previous Meeting Issues/Follow up - All**

- Issue with Purdue Site supply order form system has been resolved, orders are being processed now

- **Office Updates and Remarks - All present**

- None

- **BAT Updates** - Katherine

- Doing well with performance evaluations!
 - If 'EE pending acknowledgement' then enumerator needs to finalize their evaluation
 - If 'in-progress' then you as the supervisor need to save/finalize evaluations
 - If you have set a 'review date' in the past (that is - prior to the current date), that can cause issues as well
 - Check 'pop up' settings if unable to finalize evaluations- need to allow pop ups if using a personal computer and if the settings are not correct to allow pop-ups it will not process correctly
- Start thinking about who is deserving of an award as we near the end of the fiscal year for NASDA.
- Will be updating per diem amounts and putting it into Friday Feedback before school in November
 - OH rates for M&IE went up slightly

- **NASDA Coordinator Update** - Brooke

- Brooke's evaluations for you as supervisors will occur over the next month
- NO November Zoom meeting as we will be meeting in-person in Ohio for CEAP
 - Supervisors will meet and talk about what works and what doesn't for supervisors
 - Systems (iSolved, CAPI, etc.)
 - Awards
- Finished with travels to mini-schools

- **Survey Updates** - Mike

- Timeline of large survey projects -
- Now:
 - November 1 Survey Materials shipped via UPS on Thursday 10/18 this week.
 - Potato Acreage and Disposition, Vegetable Chemical Use Survey, Cost of Pollination, Vegetable Grower Inquiry
 - QCL, ARMS II, Labor, OY are all underway. Refer to Purdue site and CAPI listings for details
 - ARMS II/VCUS Mini Schools wrapping up
 - VCUS assignments will be pushed out to CAPI as soon as packets are out the door
 - Only a few ARMS II records turned in so far, please submit at least one report per enum when able.
 - Chemical database system coming online for ARMS II/VCUS this week - should be able to get new codes for new chemicals starting this week
 - Return aerial photographs to the office, use the same box it was shipped in. If you need labels, let us know.
 - Objective Yield - final harvest (and gleanings if you have them) this month for many of the remaining samples
 - Will be pushing out field assignments today 10/16 to verify, not much should change
- Soon:
 - CEAP Phase II
 - In Person training school
 - **November 13-15** in Perrysburg OH (just outside of Toledo)
 - We will be using two hotels (that are right next to each other) and split rooms accordingly
 - ◆ Hilton Garden Inn
 - ◆ Home 2 Suites (Hilton)
 - ◆ Both in Perrysburg, OH
 - We will have Supervisors come in the **night before (on the 12th)** and we will have a **Supervisor Meeting at 10:00AM on the 13th** in the meeting space in the Hilton Garden Inn
 - All enumerators will drive to the hotel on **Wed., November 13th** and we will **start the CEAP-Phase 2 training at 1:00PM**
 - The training school will **end around NOON on November 15th**.
 - All enumerators working on CEAP should plan to attend
 - ◆ Rooming list coming soon!
 - Census of Horticulture later this year
 - December County Estimates is coming back! Expect to see assignment pushes in ~~late October, early November~~ **most likely in December**
 - We will wait until the end of the survey to assign records and collect data for most of our local data collection efforts to push as many counties to publishable status as possible
- Later:
 - ARMS III, Tenure Ownership and Transition of Agricultural Land. (T.O.T.A.L.), December Surveys
 - TOTAL is the same timeframe as ARMS III for training and data collection
- **Supervisor Share / Open Forum - NASDA**

- How are things going in your area? Any info to share?
- **Deputy Updates - Deputies**
 - Can't say it enough, we appreciate all the work
 - Sep Crops APS response rate just under 60%, similar to last year
 - March and June response rates both 1% over prior year
 - Sep Hogs usable rate ~76% highest since 2017
 - Coverage of hog inventory was over ~95%
 - OY surveys - usable rate for corn and soy was down ~8 points from PY, but higher than 2021 and 2022. Hovering near normal levels.
 - AY usable complete rates over 70%
 - OH was one report away from 80% complete for AY!
 - Census of Horticulture
 - Every 5 years
 - Sample size ~ 5,500
 - TOTAL
 - Every 10 years
 - Mandatory (like census)
 - ~2,800 samples
- **Open topics -All**
 - Reminder! Project Code is 363 for this meeting
 - Comments about large out of state investors purchasing large in-state operations in Northern Michigan. Anyone else experiencing this? Anyone know who this investor is?
 - Type of land is mixed, from fruit to field crops
 - Upper management at the investment firm does not know who actually 'owns' it or plans for what will happen with land or operations
 - Putnam county, OH - lots of investors buying up land for Solar power - these were field crops being converted to solar panels
 - Solar going up in many places in the region
- **Closing - Management**
