General Instructions for Searching the All Inclusive Pesticide List:

1. Open the document you would like to search for from the GLR Home Website- in this example we use the chemical codes sorted by name document for the Fruit Chemical Use Survey.

2. Locate the blue icon that looks like a box with an arrow coming out of the top and tap on it. A screenshot of the icon you are looking for is below.

DEX LV4 OCTYL W	EED KILLER			

4. Once the document is open in iBooks, locate the search magnifying glass in the top right and tap on it – circled in red below

5. A search box will open up and you may type in the item you want to search for – in this example below I will search for the Chemical name "Mustang" NOTE – if the search does not return an item right away please wait a minute or two before searching again – it takes a while to load the document into iBooks completely since it is a large file.

6. After tapping the result, the iBooks app takes me to page 68 and shows me the result for "Mustang"
