

Job Board Posting -----

Dean Helen B. Schleman House at 1607 W. Western Dr., W. Laf., IN.

Current owners/residents --- Purdue professors: Victor Chen and his wife, Cheryl Zhenyu Qian, (765-586-6360) and their 3-young children

Located directly along the golf course

In need of tree care---- ideally planting new quality trees, so that when they are mature, remove less desirable trees. The trees, especially those in the back, are needed to shield the house from wayward golf balls.

Over-grown shrubs need removal --- over shaded and too near the house

Trees on the property line need trimming etc.

Lawn care needed.

General landscaping with a long-term plan.

Request submitted on-behalf of current owners, Prof. Chen & Qian.
