

## Default Question Block

Summer College of Agriculture Research Fellowship  
(SCARF)

Please complete this application no later than **February 23, 2024 by 5 pm** to be considered.

Thank you for your interest in the **SCARF**. The SCARF Program is for current Purdue undergraduate students in the College of Agriculture to pursue research broadly related to agriculture fields. These fellowships focus on individual research projects under the direction of a faculty research mentor, include a series of science communication workshops designed to give students the tools needed to share their research with others and are available to current undergraduate students. Student who are scheduled to graduate before the completion of the

program can apply, but preference will be given to students who have not graduated. You are encouraged to apply with a specific project and faculty research mentor already selected. Housing is not provided; however, students receive a \$600 initial program stipend to help in securing housing.

## **Program Details:**

- Research is encouraged to be STEM-related
- Program dates for Summer 2024: May 20 - July 26, 2023 (10-weeks, full-time 40 hours/week research experience)
- Participation in science communication workshops, research sessions and SCARF events is required.
- Students are not allowed to take on-campus summer classes, take vacation time, or work additional jobs throughout the program.
- Total Stipend: \$5,400/per student
- Students are responsible for securing their own housing. Residence Hall and off-campus leasing options are available.
- Students are encouraged to secure their own faculty research mentor and determine their research project focus before applying to the program.
- Selection is based on a competitive application and funding availability. The program may accept 15-25

students.

If you are selected for SCARF, are you available to participate for the entire 10-week program?

- Yes
- No

If you have a conflict during the program, please explain your situation. (Note: students are not allowed to take on-campus coursework or vacations during the program unless approved by program coordinators and research professors)

Are you 18 years of age or older?

- Yes
- No

Are you eligible to work in the United States?

- Yes
- No

Please list your country/countries of citizenship.

## Block 1

Academic and Research Background

Major(s)

Minor(s)

Department

Cumulative GPA

Current Year in School  
(based on year of study)

Expected Graduation Date  
(month & year)

Do you plan on attending graduate or professional school  
in the future?

- Definitely yes
- Probably yes
- Might or might not
- Probably not
- Definitely not

Have you conducted research under the direction of a faculty member in the past?

- Yes
- No

Please list your previous research experience(s) including the timeframe and project title as well as the name of your research mentor(s) and cite any publications (if applicable).

## Block 2

### Faculty Research Mentor & Project

Faculty Research Mentor's  
Name

Mentor's Title

Mentor's College & Department

Mentor's Email

Research Site

Research Topic

Research Project Title

Briefly explain the research methodology or process for the project.

### Project Expectations

Meeting Frequency

Research Partnerships

Required Training(s)

Process for Recording Data

Research Presentation Requirements
